THE MORGAN GARDNER BULKELEY HIGH SCHOOL

FOREWORD

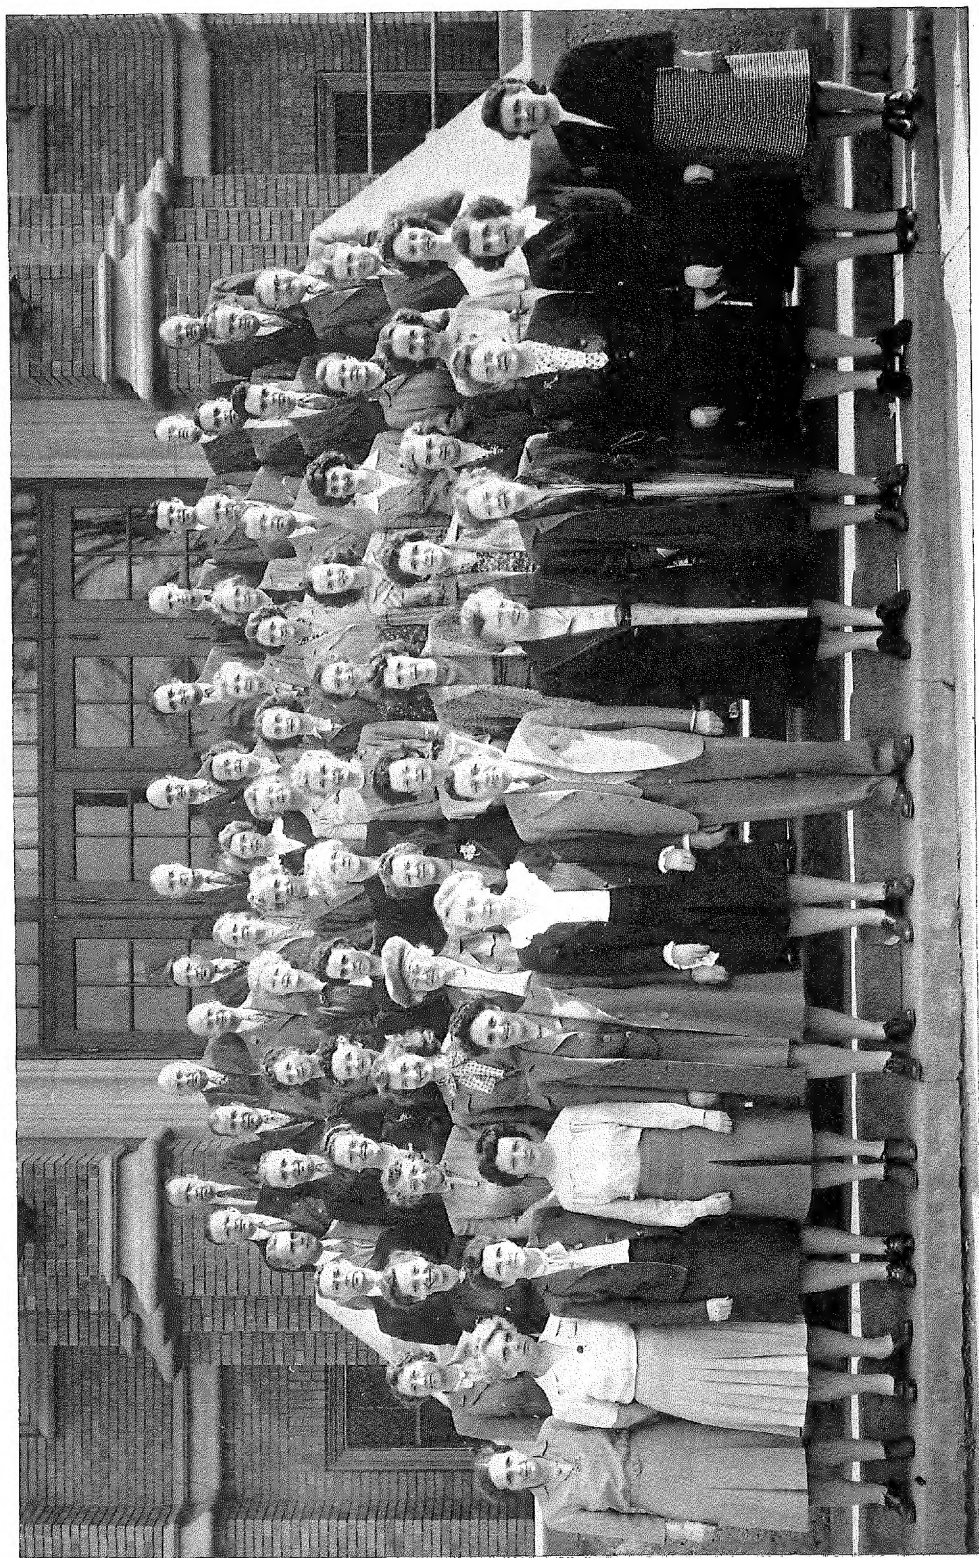

As we silently pass from the beloved halls and classrooms of Bulkeley High, we look back upon a thousand happy memories. For us these years are a part of the past. Yet this past will not be buried; rather, it will live forever in the ideas and the ideals which our school has instilled in us.

It is a confused and unsettled world which we, the Class of Reconstruction, enter. The most terrible war in the pages of history has terminated, but the insurmountable problems brought about by global war are to be met and solved by us, the future citizens of America. In this task we cannot, we must not, fail.

We should like to express our gratitude and sincere appreciation to all who have rendered assistance during the process of editing and publishing this volume; especially to Dr. Feingold, whose wise counsel and generous help has benefited us immensely; to the members of the faculty and the office staff for their friendly interest and cooperation; to Miss Safford and Mr. McElney for their great patience and energy in supervising the art and business staffs; to Jennie Vantetozze, Jean Thomson, Walter Messmer, and Thomas Lee, whose artistic contributions shine throughout the book; to Allan Miller for his excellent sport write-ups; to Melina DeLisa, Alyce Bittner, Patricia Duffy, Frances Tanasi, Audrey Nelson, Helen Mastrangelo, and Rosemary Farrelly, who composed one of the most competent Typing Staffs in years; and to all who have contributed candid camera snapshots, with particular credit to John Gandini, Raymond Hope, and Paul Poudrier.

Above all, we wish to acknowledge special indebtedness to Miss Potter, through whose cheerful guidance and inexhaustible aid we have attempted to catch and hold within the pages of this book the varied symbols of our high school days. With a sincere desire that each copy of this book may serve as a binding link among its possessors, and join us all in a chain of everlasting friendship, we present to you the Class Book of 1946.

OUR PRINCIPAL'S MESSAGE

THE Class of 1946 is the first in five years to walk into a world once more restored to peace. Unlike your predecessors of the last four classes who were obliged to put their diplomas aside for the implements of war, and to face the hazards of an uncertain future, you are facing the radiance of a bright and hopeful future. Nevertheless, your responsibilities are no less great than those which confronted your older friends and brothers, because it is on your shoulders that the task of Reconstruction falls with peculiar weight.

During the four years that you spent in high school, you were able to view the war, its issues, its progress, and its terrible effects from the sidelines, so to speak. You had an opportunity to contemplate it in the quiet of your study, in the discussions of your classes, and to form opinions more or less objectively. Your judgment with respect to the task of reconstructing the devastated world and making sure that there shall be no more war will, therefore, carry great weight.

Two important tasks will confront the graduates of 1946. One is to solve the economic problems which lead to unrest among individuals and nations. The other is to solve the less tangible but equally weighty problem of intercultural and interracial relations which affect nations no less than individuals. These unsettled matters are at the root of the mistrust, the suspicion, and the misunderstanding which prevail in every land.

During the years of the recent war the world has grown much smaller. Space, as measured by time, has been greatly reduced. Peoples of diverse traditions, habits, and customs have been thrown closely together. It is as though the earth had shrunk under our feet to a quarter of its original size. You are, therefore, living in a totally different environment from that which existed prior to your generation. No mass emigration, no natural cataclysm, no plague or famine ever affected more deeply the lives and fortunes of so many people.

On top of it all you have the atomic bomb which came into existence while you were still standing at the sidelines, watching the battles of World War II. Our statesmen and scientists are so baffled by this new discovery of limitless physical energy that they are running around in circles, like a child with a new-found puppy, not knowing what to do with it. The use to be made of this greatest source of energy will depend on the position the youth of today takes within the next 10 years on the question of peace. The boy can choke or drown his puppy and thus deprive himself of a well-trained, playful dog; or he can spoil it and drive it crazy, thus converting it into a mad dog; or he can bring it up as a faithful companion, a protection to the home and a comfort to the members of the family. That is precisely what can be done with atomic energy, depending on our willingness to cooperate with other peoples, to have faith in them, and to resolve with all the firmness of our hearts and consciences that there shall be no more wars. Only in this way can we go forth with the task of reconstruction. Without such a resolution the future faced by your class is as meaningless and shapeless as that confronted by the graduating classes of the war years. This is your challenge. I know you will meet it successfully.

"Who can enjoy alone?"

S. A. 2, 3, 4; Girls' League 2, 3, 4. Never tardy; no demerits. Burr Junior High School.

DONALD F. BATES
"Don"

"A smile that glow'd."

S. A. 2; Boys' Club 2, 4. Burr Junior High School.

"Do"

"A merry heart maketh a cheerful countenance."

S. A. 2, 3; Girls' League 2, 3, 4. No demerits. Burr Junior High School.

HENRY J. BECKER, JR.

"In quietness and confidence shall be your strength."

Boys' Club 1, 4. Southwest School. University of Connecticut.

Henry was one of our quieter classmates. He never said much, but when he did speak, it was always with a flattering blush. His industrious nature is sure to make him a success in anything he undertakes.

ROBERT EDWARD BENOIT

"Bob"

"With a smile that was childlike and bland."

S. A. 3, 4; Boys' Club 2, 3, 4; Edison Club 3. Burr Junior High School.

LILLIAN MAE BENSON

"Lil"

"Not much talk - a great, sweet silence."

S. A. 3, 4; Girls' League 3, 4. Never tardy; no demerits. Burr Junior High School.

EVELYN T. BERMINGHAM

THOMAS P. MALISZEWSKI

"Men of few words are the best men."

S. A. 2, 3, 4; Boys' Club 2. Burr Junior High School.

CLASS ORATION

OUR NEW FRONTIER—THE ARCTIC

THE northern scene is clearing. At last we are awakening to the true importance of the Arctic regions, for the war has transformed the Arctic from a barrier to a bridge between our country and northern Asia and Europe. For centuries people have painted a distorted picture of the far North. It was and still is held to be a huge icebox, totally devoid of plant and animal life, a quiet dreary place where the sun shines only part of the year. In truth, however, the Arctic regions have proven themselves as habitable as our own New England states. It is true that the sun is absent in some regions for a few months each year, but for the remainder of the time there usually is sunshine from twenty to twenty-four hours a day. This situation provides a shorter but more constant growing season. In the fertile valleys of numerous north-flowing rivers huge crops can be raised. Abundant animal life prevails, and the North can produce relatively as much meat per area as our own western grazing lands. Why, even swimming, sun-bathing, and other warm weather sports scarcely thought of in connection with the North are enjoyed there. Truly, the inhabitants live healthy, comfortable, and useful lives.

The prime reason why the North will increase in importance is the development of long-distance air travel. A great majority of us have received our impressions of air routes from the Mercator map. According to its presentation, the earth is a flat rectangular surface over which air travel moves East and West. Any global map will immediately show that most of the shortest routes between a central point of our country and a far distant spot in northern Asia or Europe encompass the Arctic. Now who, we may ask, controls the areas over which these routes pass?

It may seem a strange coincidence, but the world's three major powers, the United States, Russia, and the British Empire, face one another across the Arctic Sea. They must either work together in peace, or they will war upon each other across this new "Mediterranean", for atomic robot missiles will fly by the shortest routes. With the consequent scurry to improve northern defenses more people will, naturally, migrate northward.

A huge new colonial frontier actually presents itself in the Arctic regions. Here are found unmeasured resources in lumber and oil, as well as rich deposits of iron ore, copper, nickel, radium, and gold. In order to exploit these riches, new centers will be born. Moreover, since air travel is used relatively as much in the North as auto travel is in our localities, numerous air transport hubs will also develop. A large part of the world's population can, therefore, and eventually will inhabit the North.

The leader in all of these trends is the land which controls approximately fifty percent of the Arctic shores, namely, the Soviet Union. Equipped with an efficient weather reporting system, she has opened up the great marine route through the Arctic Sea around northern Asia and Europe as a safe highway. This route, in turn, provides a means of transport over which the vast lumber, mineral, and other Siberian resources will travel to where you will. Over seven million people have settled in northern Siberia, and cities with populations numbering in the tens of thousands are growing by leaps and bounds beyond the Arctic Circle. It was this region that grew huge crops of food during the war and aided in the defeat of Hitler when he conquered the rich Ukraine.

Our country together with the British Dominion of Canada has only recently been awakening to the idea of northward development. An impressive step in that direction is the well-known Alcan Highway. The existence of this roadway enabled the building of a pipeline for petroleum and a telephone line from Alaska to our country and Canada. A relatively economical means of servicing airports, the highway will thereby greatly aid in the commercial advancement of the North. The well-publicized *musk-ox expedition* and the recent trip of the giant aircraft-carrier Midway to sub-Arctic waters are significant. Both deal chiefly with northern warfare, the one on land and the other on sea. The very fact that the government realizes our weakness in the North will serve to spur its development. American initiative and ingenuity will be on hand to aid in this undertaking.

Yes, the North presents us with a new frontier, and the new saying will soon probably be "Go North, young man, go North!" In the near future it will seem quite natural to travel to China and Russia via the North Pole. As world affairs tend to gravitate more and more about the Arctic, the United States must inevitably enter into the forefront of northern development if she is to remain one of the great countries of this earth.

JULIAN I. KYCIA

CLASS ESSAY

"WHEN I GROW UP"

ALMOST from the day we begin to speak coherently the one phrase heard on our lips most often is "When I grow up." During the years, the words which serve to finish out this wondrous promise will probably have a thousand different variations. Each new experience encountered in a young life, if it has any importance whatsoever, will be represented in these magic words for at least a few days. What lady of tender years after her first days in kindergarten has not solemnly resolved, "When I grow up, I'm going to be a teacher"? Certainly there is hardly a boy who, on catching one glance at that vivid flash of red known as the hook and ladder tearing down the street to the accompaniment of a piercing siren, has not proudly proclaimed, "When I grow up, I'm going to be a fire chief." The movies, the circus, the radio have all held us in their sway at one time or another and made us promise to be their faithful pursuants when we are big men and women.

Perhaps more than anything else these proud words represent all the indefinable charm and confidence of childhood. To one happily rattling them off, the world is still a great, big, wonderful toyshop from which anything can be had for the asking. If a certain sled or doll or catcher's mitt should take our fancy, we have only to calculate the nearest date on which we shall be eligible to receive a gift—Christmas, birthday, or graduation—and implant the idea of giving in the minds of our parents by constant reiteration.

To a young child tears are temporary things, sadness infrequent, and despair non-existent. Oftentimes it has seemed that the disappointments over not being allowed to go to the movies with the rest of the kids or not receiving an invitation to a certain party were too great to bear. Our sorrow ranged all the way from swearing eternal vengeance on our persecutors to wishing for some fatal disease to overcome ourselves and make "them" sorry they were so mean. The minute something more engrossing than the picture of ourselves lying dead in the coffin amidst the wails of distracted mourners comes along, however, we immediately give it our whole attention and once more see the world through rose-tinted glasses.

The shelter afforded by kind parents and familiar friends belies the fact that a time will ever come when our reckless boasts and lofty desires will really have to be put into practice. Even while fervently longing for future adventures, we are satisfied and content with the knowledge that they are dreams which require no effort of execution and can be enjoyed whenever our imaginations may wish to conjure them up. We dress up in mother's clothes and prance about on her high heels, but our imitation is of her exterior alone, for we have no conception of the responsibilities and cares of the adult mind. Life seems endless; the present stretches out boundlessly, and the future seems eternal.

Then suddenly one day, while in the midst of chirping the familiar "When I grow up," we are interrupted by an amused laugh; and a mocking voice says, "What are you talking about? You are grown up!" With these words the gates of childhood clang shut behind us. Now we must be careful what we say, because adults cannot indulge in fancies or boasts. They cannot change their minds with the advent of every new influence, for such adults are dubbed dreamers and sneered at by the rest of the world.

The crucial moment when we are expelled forever from the land of childhood often means the difference between success or failure in the adult world. For those of us who are wise enough to realize that the power of being a king one day or a policeman the next, as the mood takes us, belongs to childhood exclusively and cannot be carried outside its bounds, there is a strong possibility of achieving the best success of all—a normal, contented life. The handsome prince on a snow-white horse whom all little girls hope to marry often turns out to be a slightly bald insurance clerk with spectacles on the end of his nose. Small boys who picture themselves as murdering pirates with gold rings flashing in their ears usually become mild grocery clerks whose only piracy may consist of shortchanging a customer occasionally. Even the humble ambitions of being a policeman or fireman lose a lot of their glamour when exposed to the cold stare of reality. The glorious moments of speeding along a winding road in pursuit of an escaped convict or courageously saving a whole family from an uncontrollable blaze are very few in comparison to the weary hours spent pounding a dull beat or polishing a big fire engine. These cold facts are disillusioning at first to the newly emerged adult, but, in most cases, the inevitable adjustment of fancy to fact soon occurs and life goes on as before—although, perhaps, a shade less brilliantly.

CLASS HISTORY

Scene—Lobby of Grand Central Station. *Time*—1960.

D. T.—Pardon me! I didn't see you standing there. Why! Betty Wolf!

B. W.—Don Tilley! It's been years since I've seen you!

D. T.—Let's go somewhere and sit down—It doesn't seem possible that it's been fourteen years since we left Bulkeley.

B. W.—Didn't we have some marvelous times? Even though half the class was at Burr to start with, talent was beginning to show itself that first year.

D. T.—That's right. Down at Burr we heard about Torch Night. Phyllis Daigneault danced that year, didn't she?

B. W.—Yes, and to top off the evening, the city had a blackout in the middle of the dancing. But blackouts and bond drives were common language then.

D. T.—Well, things got even more exciting when the class was united, and really went to work. The Boys' Club-Girls' League Dance started the social season off with a bang.

B. W.—And sports, assemblies, and club meetings kept us jumping. Dial Nite was super that year. Laurel Schroder made everyone sit up and take notice.

D. T.—How we wished we were upper classmen when the juniors and seniors started plans for their proms.

B. W.—Well, it wasn't long before we were. What a year was our junior year. Our teams blossomed out and won city titles in all sports.

D. T.—The football team made history by beating New Britain for the first time in Bulkeley's series with them. And we could usually rest easy when Earl Ludlam took the mound in a baseball game.

B. W.—Will you ever forget Dot Pfanensmith's "get up" for Torch Nite, black face and all?

D. T.—Speaking of the Torch, Al Miller, Bob Haverback, Caroline Glass, and Janet Nelson were only a few of the capable juniors on the staff.

B. W.—To say nothing of Samuel Stein and Artemis Blessis. Remember when Artemis, Steve Soulos, and Ed Gen'ino were running around making plans for the Honor Society Formal?

D. T.—Oh, yes! Wasn't that the dance that celebrated the winning of the European War? Right after that, plans got under way for our own Junior Prom.

B. W.—The committees really slaved to make it outstanding, and it *was*.

D. T.—The students certainly slaughtered "The Trolley Song" that year. And remember the Dramatic Club Play? Lillian Zingesser, Tommy Lee, Jane Newton, and Helen Orzech gave the audience many a laugh in "Return Engagement."

B. W.—Oh, yes! We thought things couldn't be better, but nothing can compare with our senior year. Dances, assemblies, and everything seemed better than ever.

D. T.—And on top of all the other things, a Christmas dance, the “Holiday Ball,” really put us into the spirit of the season. Janet Nelson, Jimmy Cronin, and June Ibelle must have dreamed about fire regulations and decorating problems for weeks beforehand.

B. W.—Of course, another year, another Dial Nite. Remember how the jitter-bugs went at it during the contest that night?

D. T.—I was dizzy just watching. No sooner was that over than the committees went to work dressing up the gym for the Snow Frolic.

B. W.—Faith Golden and Sark Boornazian certainly had a success on their hands. Franny Mullane and his decorating committee kept dashing around getting streamers and worrying about measurements for this and that. I think everyone agreed that he and Joan Jalbert made a super king and queen at the dance.

D. T.—Of course, there were homework and a few tests here and there to break up the monotony of dances, plays, and entertainments. But we almost forgot to mention the Senior Banquet.

B. W.—What a turkey dinner that was! Lou Bernabo and his committee can be remembered with thanks. They were responsible for the success of Senior Night, too.

D. T.—Lou, John Zazzaro, Sark Boornazian, and Tommy Makris certainly made glamorous (ahem) cheerleaders.

B. W.—And a queerer football team I never did see. And the “mad” Russians, Cronin and Mastrangelo, really mastered the piano.

D. T.—Remember the fun we used to have in the cafeteria? The kids used the lunch period as a recreation period instead of for eating.

B. W.—Oh, I don’t know. A lot of the fellows picked up surplus weight there to aid them on the football team.

D. T.—When I think of Conroy packing away that spaghetti, I guess I’ll have to agree with you.

B. W.—You could always see Anita Zito buzzing around between the tables with a bottle of milk in one hand and a sandwich in the other.

D. T.—John Quigley used to add to Babe Allen’s hair-pulling episodes by sitting in the cafeteria digesting his meal and then waltzing into the gym five or ten minutes late.

B. W.—Speaking of gym, “Flash” Atlin relieved Babe quite a bit and did a swell job with intra-mural athletics.

D. T.—Oh, yes! Those were the days. Fun and frolic—and half-year tests.

B. W.—Four years just packed with the best. Oh! I have to run or I’ll miss my train. It’s been swell seeing you again.

D. T.—Sorry you have to rush but I hope I’ll see you again soon. Good bye, Betty.

B. W.—Good bye, Don.

CLASS WILL

LL—The will, the will, let's hear 1946's will!

Joseph J. Miano—Have patience, fellow classmates: we are going to read it. "You are not wood, you are not stones," but friends, and being friends, hearing the will of 1946, it will delight you, it will make you glad. It is fitting that you should know what is to become of our cherished possessions.

All—The will, the will, let's hear the will!

Katherine M. Taylor—"Will you be patient? Will you stay a while?" We have overworked ourselves to write this.

All—The will!

Katherine M. Taylor—"If you have tears, prepare to shed them now."

We, the Class of 1946, knowing that our intellectual struggle is over, and being in mortal fear of our approaching end, do hereby make and publish this our last will and testament:

To Dr. Feingold, our esteemed Principal, we leave our sincere gratitude for his kindness and understanding during our four years at Bulkeley.

To Dr. Dargan, our gracious Vice-Principal, we leave our deepest appreciation for her personal interest in the welfare of each and every member of the class.

To Miss Frauer, Miss Wheeler, and Mr. Fellows, we leave a vote of thanks for their untiring efforts to guide us along the right path.

To Miss Neal we leave a filing cabinet for all the letters she has received from her boys in service.

We leave Mr. Keirstead swimming in his unknown solutions.

To Mr. Wilson we give our word that though "we shall not be here next year in body, we shall be here in spirit".

To Mr. Rapoport we leave a floor plan of the school, so that he won't get lost so often.

To Mr. Ingalls we leave a new suit, a sandwich, and a bottle of milk to wait for seventh period slow-pokes.

We leave Miss Kienle "Probing Our Prejudices."

We make the following individual bequests:

Audrey Ahlberg leaves the Parade of Youth to the circus.

Bud never-without-a-car Anderson leaves Mr. Coburn and the Edison Club with a BANG.

Ruth I'll-get-my-man-yet Axelrod bequeaths her love for a good argument to Susan Derderian.

Terry Barnas and Don Tilley leave hand in hand.

Jean Bernard leaves her charming disposition, which three years of hectic Bulkeley student life have yet to ruffle, to Joan DeMino.

Bob "Flash" Barry leaves to his brother the reason (whatever it was) for his sudden attraction to the girls.

Henry Becker bestows some of his quietness on "Dee" Caruso, who can certainly use it.

Artemis Blessis wills her house back to her family after using it as a meeting place for the senior class for the past four years.

Sark "Temptation" Boornazian leaves his shoulder pads and his problems with Mr. Wilson to Dwight Eames.

The Bonadies Twins leave the Orient Twins to keep the faculty guessing.

Terry Carroll and Jim Skelly leave their dancing feet to Shirley Keller and Franny McCarthy.

Lou Bernabo leaves his personality to a junior who can learn the fine arts of tact and friendliness.

Joe Biron leaves the costume he wore Senior Nite to any cute little waitress.

Mary Connors leaves all her report cards as a challenge to her sister, Irene.

Marilyn Cody and Doris McKinney leave the Business Board of the Torch to Laura Bonadies and Lorraine Lussier, now that it is on the right side of the ledger for a change.

Herby-bum-a-ride-Bremser leaves his one and only suit to the United China Relief.

Melina DeLisa leaves the Commercial Department with an unequalled record.

Edward Clark bequeaths his splendid record at Bulkeley to Allan McCue.

Frances Dunne, the main attraction at the Goodwin Branch Library, leaves her position there to Diane Pierce.

Jacqueline Donlin leaves her ability to walk so well on high heels to her sister Nancy.

Gene-mighty-athlete-Conroy leaves his ever-winning ways as a model for grouches.

Ruth Fanelli leaves her seemingly hopeless job of fixing schedules to Betty Lou Finn.

Marty Courneen would like to leave a supply of breath to anyone who has the urge to run to school in five minutes flat . . . but he's all out of it.

Lorraine "Madame Curie" Fournier wanted to leave her famous white mice in the gym to throw Miss Tracy's classes into confusion, but she decided they were already too confused.

Wilbert-Jose-Iturbi-Christiansen leaves to Bob Gibson the full-time job of accompanying at every musical event.

Faith Golden leaves her popularity with Trinity men to Helen Austin.

Jimmy Cronin leaves the school wondering what hit it.

Carolyn Glass bestows her good nature on any lower classman who can equal it.

Tommy "Clown" Devine leaves his special book, "How to Cram a Year's Work in Three Weeks," to Dick Patterson.

Marie "Giggles" Hallgren leaves her smile, which brightens up the school lobby on gloomy days, to Marjorie Gustafson.

Jim Faillave leaves Miss Neal wondering why boys like him don't come along more often.

Joan "Queenie" Jalbert leaves her good looks and popularity to her runner-up, Rita Morrison.

Lee Futoma leaves, still trying to figure out the ways of women.

June Hanson leaves her red hair to the highest bidder.

John-love-to-snap-'em Gandini leaves the sole right of taking snapshots for next year's class book to Ellen Gilbert.

Ed Gentino and Fred Rushford, our capable cafeteria cashiers, bequeath their little green strong boxes to two mercenary juniors.

June Ibelle and Janet Nelson leave the Personality Column, but take their own charming personalities with them.

Ed Grodovich leaves his somewhat-batty antics and his knack of blowing bubbles to Don Scott.

Lois Johnson leaves Bulkeley a bill for lost shoes, a suit ruined by acid, and a gross of pencils worn out writing Torch assignments.

Bob "Deadeye" Haverback leaves his job of chauffeuring couples to and from formals to Gene Zwilling.

Franny Lalas leaves her pep, vim, and vigor to Ethel Akin for cheerleading.

CLASS PROPHECY

Al—Well, of all people to meet on the moon! What are you doing up here, Jane?

Jane—You don't think this is just a man's universe, do you? I'm here with the Popores Planet Players. We're going to give a performance of Leon T. Futoma's new production, "Murder in 222" or "The Case of the Flying Spitball."

Al—That's great, but how did you get up here?

Jane—Professor Joseph Miano brought us in his rocket ship, the "Bob Daly Speedster." Believe it or not, we were on Maple Avenue just eighteen seconds ago. What's your excuse for being here?

Al—Evelyn Bermingham, the female William Hearst, sent me here to cover the colonization of the moon for Flanagan's "Daily Burp."

Jane—Say, Al, isn't this an attractive restaurant? Look at that stunning hostess over there.

Al—Don't tell me you don't recognize her?

Jane—No, I don't, who is she?

Al—Why, that's Adele Stawiarski. She takes care of everything here at the front of the Bernabo-Zazzaro Feed Bag, while "Chub" DiTunno takes care of things in the back room.

Jane—Why, of course, and I know some of those waitresses, too. There's Barbara Russell, Doris McKinney, Natalie Low, and Marie Hallgren.

Al—Tell me, Jane, what was happening when you left earth?

Jane—Wilbert Christiansen just donated half of the proceeds of his last concert at the Boornazian-Devine Music Hall to the fund for the new hospital at Hartford. Sam Stein is expected to accept the position of head doctor, with the able assistance of Doctors Pfanensmith, Lalas, and Anderson. I understand the moon is taking some strides toward perfecting modern science, also.

Al—Yes, we've been sent some of the greatest scientists in the entire universe. Lorraine Fournier and Tony Michalik, with the assistance of Barbara Sengman, are making great strides towards perfecting a doughnut that will not sink in coffee. The local hospital is pretty well stacked with capable nurses, such as Carolyn Glass, Joan Roberts, Lois Johnson, and Katherine Taylor. I believe Joan Jalbert is their head hygienist.

Jane—Oh, Al, did you know that vice-president Ruth Axelrod made a thrilling speech on “If Looks Could Kill,” or “How to Eliminate Military Training”?

Al—Did she really? What were the results?

Jane—Some ex-servicemen supported her wholeheartedly. Among them were Seymour Schwartz, Robert Haverback, and David Kidney, now business tycoons and typhoons.

Al—Speaking of politics, Jane, how did Ed “My-Hair-Still-Isn’t-Growing” Grodovich make out in the election for mayor last November?

Jane—He won, all right, and already he’s attacking the girlie-girlie shows at the Blessis Athenaeum. The chorus line, including Melina DeLisa, Gloria Grimason, Catherine Fox, and Toni Morea, are pretty sore about it.

Al—That’s Ed all over. The opera seems to be the current fad here on the moon. What with Laurel Schroder, Thomas Lee, and Robert Hennessey starring in “Siegfried”, owner Paul Poudrier is almost sure to be seen hanging out the S. R. O. sign every night.

Jane—The entertainment seems to be on a high plane. Why, even the floor show here at the B-Z Feed Bag is made up of top-notch talent. The master of ceremonies, Ralph Mastrangelo, is really first rate, and that popular trio Daigneault, Cody, and Kinnane do a fine interpretation of the eternal triangle.

Al—But not everyone in our class went into the political or theatrical world. The farmers here on the moon are doing more than their share to make it a successful planet. Steve Soulos has become famous for his corn crop, and the firm of Tilley & Barnas have a monopoly on fruit growing. And, too, we have a very competent staff of teachers in the yokel high school.

Jane I hate to interrupt you, Al, but I doubt very much whether it can compare with ours. Mary Connors is Principal of the new high school, constructed by the Build It or Bust Construction Company of Barbara Clapp, Evelyn Bell, and Anita Zito. The renowned architect, James Faillace, designed the building, which was put up under the supervision of Thaddeus A. Wiater. In Bulkeley, teacher James Cronin spent his entire lunch period yesterday trying to pry Jim, junior, out of the elevator shaft, with the aid of janitors Elizabeth Wolf and Theresa Butenas, and teacher Faith Seiple.

Al—Well, if we can’t surpass you in education, we certainly stand on an equal footing with you as far as art is concerned. Last evening at the Robert Barry Art Museum, Jennie Vantetozze was presented with first prize for a sketching masterpiece. Janet Nelson also walked off with a well deserved blue ribbon. Cartoonist Walt Messmer was awarded a prize of a round-the-constellations trip.

Jane—Tell me, have you seen Ann Morello since the old days at B.H.S.?

Al—Yes, I bumped into her at Conora’s Casbar last summer. She was accompanied by Lou Pellino, who now owns the Economical Half-Off Dress Company. He and his partner John Moffett have made quite a name for themselves.

Jane—It seems to be a golden age for the literary world. Gene Conroy just published his graphic work, "Women Are the Root of All Evil." And have you read the Book of the Month, "Biography of a Jerk" by Justine Rourke, which was dedicated to Tommy Makris?

Al—Yes, I thought it was especially good where she told of the last World Series. I would love to have seen Al Smith wallop the homer which gave the Braves and Earl Ludlam a 1-0 victory over the Dodgers. They say George Sullivan pitched good ball for the "Bums," but as usual they were a bunch of whiffers at bat. Umpire Bernard Scallion is now in the hospital recovering from injuries received during the game. While on the subject of sports, Jane, how did the National Women's Swimming Tournament come out last week?

Jane—Haven't you heard? Jean Thompson, who represented the Hanson-Grahn Swimming Academy, won the free style, with Dorothy Wrinn the runner-up. Pat Kendrick repeated her 1955 performance by winning the diving event. During the competition, Jean Bernard caused a lot of excitement when she dove under and forgot to come up. I wonder if she was detained by photographer Ray Hope, who was taking under-water pictures of the events?

Al—Mullane was the lucky fellow who covered that for our paper. He's doing a good job since he's been with us, and so is June Ibelle, who has taken over the society column. She also had the enviable job of covering the "Daily Burp's" selection of America's best-dressed women. Included among the first five were Caroline Scotti, Ruth Stone, and Jacqueline Donlin. Jane Seraphin has taken over the Hollywood column. Lately she's been covering the public and private lives of many of Hollywood's brightest lights.

Jane—Oh, I'm a faithful reader of her column. In fact, it's the one thing I read besides that cute comic strip, "Gentino and the Amazons," by Catherine Muir. To date, I think her best story was the scoop preview of the new Julian Kycia movie, "Hartford Suitcase," co-starring vivacious Marge Riddell and Helen Orzech. James Skelly portrayed the role of a bookie flawlessly. The musical background of the picture was furnished by Lillian Zingesser and Jane Wiggins.

Al—It's surprising how many kids in our class have made good. Barbara Nielsen is one of the nation's leading fashion designers, and Faith Golden is Barbara's most successful model.

Jane—Oh, my gosh! look at the time. I'll be late for the performance, and I promised to look up Shirley and Annamae O'Brien at their hamburger stand. Well, Al, as we said ten years ago in B.H.S., our time is up.

Al—I suppose so, Jane, and again as we put it in 1946, it's been fun and I hope we meet again.

CLASS POEM

I walked one day an untrod path
which led far from the city,
and lying still I heard the soft, quaint music of the trees.

The clouds dipped down to meet the earth
and held in breathless poise
the new-felt nearness of the Lord, while time stood still to witness.

And in this strange new realm of thought
I peered through smiling skies,
for far beyond this mask of cheer I dimly saw the scars of time.

I closed my eyes to see more clear
and I beheld, as in a dream recorded,
the mark of every footstep passed along the endless chain of time.

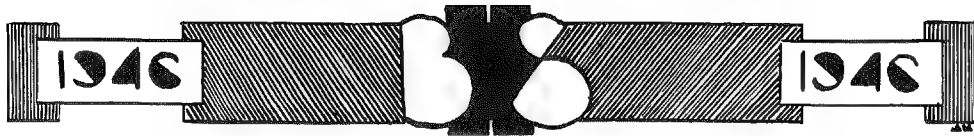

The first was heavy, slow, and grudging:
the chains of poor-constructed goals
suppressed a feeble spirit and held a soul in bond.

Another barely touched the path,
the echo of the laughing years to end
in mocking realization of the futile role portrayed.

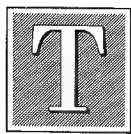

There was at last the mild, sure step
of one who found Utopia in life
who chose from myriad paths the one to promised heights.

Though life is short and bittersweet,
we toil through years of trusting doubt
to find the pearls we know are hidden in the pebbles.

Bulkeley's Contribution to the War Effort

HE graduation of the Class of 1946 marks the completion of twenty years of service rendered by Bulkeley High School to this community's educational program. It marks also the first peace-time graduation from Bulkeley in five years. As members of this class we remember with pleasure, yet with humility, those critical years when we put our shoulders collectively to the wheel in the cause of democracy. True, there was little tangible help we could give here in school as our brothers, graduates of Bulkeley, our teachers, and many of our classmates went off to war, but we realized that it was our job to remain in school, serving whenever called upon to the utmost of our ability.

One of the most outstanding achievements in Bulkeley's service to the nation during these trying years was its splendid showing in War Bond and Stamp sales, for during the period from April, 1943, to December, 1945, bonds and stamps totalling \$146,342.35 in cash value, or \$195,123 in maturity value, were sold to members of the student body and faculty. Of course we remember Miss Kienle's bond booth in the lobby. To her and her capable student assistants belongs all the credit for our enviable record. Through their efforts, we had the honor of seeing the Minute Man Flag proudly raised over the school grounds in the spring of 1943. This flag flew through every drive, signifying a better than 90 percent participation in the weekly sales. Four stars, emblematic of six-month periods of such participation, had been added before the dramatic close of the drive during Pearl Harbor week, December, 1945. We remember, too, the other rewards we received for such a meritorious record, rewards such as the thrilling concerts by the Bradley Field Band and the inspiring talks given by army, navy, and civilian representatives.

In those early days of the war the blackout, dimout, and air raid drill schedules were introduced to the other activities of Bulkeley's student life. Many were the shows, dances, and basketball games held in the gym and auditorium when the windows were draped with black material as a safeguard against sudden bombing attacks by enemy planes. Students took on added responsibility in those years when special emergency services were required of them. Nor shall we ever forget the frequent air raid drills during class hours when the student body used to line up against the first and second floor corridor walls until the Principal completed his tour of inspection. Each had new rules and regulations to comply with, and many were appointed to relief positions throughout the halls.

For the entire period of rationing, Bulkeley participated actively in this important phase of the war effort. At the school during the spring of 1942 when sugar and food rationing were beginning, many pupils and teachers worked voluntarily. Many also aided the ration boards by working after school hours when their help was so desperately needed. Many girls also gave up afternoons and evenings to work as volunteer aids in the hospitals under the sponsorship of Miss Shulze.

The pupils gave often to every drive held at the school. Drives for paper, clothing, and scrap metal brought generous response from willing students. Our suffering allies received our help on several occasions, as in the "Books for Russia" campaign.

Among some of the other special services were the organization of such activities as the Victory Corps, which served to acquaint students with various skills, such as first aid, photography, cooking, seafaring, and agriculture, not usually included in regular courses.

As pre-induction courses offered to boys awaiting the call to arms Bulkeley worked into its schedule classes in aviation, electricity, and radio, while the girls had an opportunity to receive credit for the popular Home Nursing elective course.

However, let us not overlook the fact that, although put under a tremendous strain by the tense and tiring routine of life in a country at war, we students at Bulkeley maintained just as high a scholastic standard as did the classes before us. As members of the Class of 1946, we are aware also that our social life here at school was relatively unchanged by the times. True, dance committees may have had trouble filling the need for decorations and refreshments, and traditional affairs such as club suppers and banquets were discontinued because of the war shortages, but we realized how much we had that young men and women in other countries were being deprived of, and so took our gasless cars, meatless Tuesdays, and dimmed-out dances with high spirits and hopeful hearts, looking toward that day when we should once more experience school life as classes before 1941 had enjoyed it.

Then it came. Yes, in our senior year we experienced the jubilation of all that living in a relatively peaceful world meant. As the year progressed, we welcomed back our brothers, friends, and teachers returning to civilian life. We had the privilege of becoming acquainted with those of our faculty who were in service during most of our years at Bulkeley—such as Mr. Cacase, Mr. Hart, Mr. Ingalls, Mr. Jenkins, Mr. Melrose, and Mr. Williams, whose names were familiar to many of us, but whose friendship and guidance we had never known before.

Yes, many of our teachers and brothers served our nation and returned from the wars, but many others of our fellow Bulkeleyites will never return. As a final tribute to their devotion to duty, we list the former Bulkeley students who gave their lives that our Class of 1946 might enter a world of peace.

In Memoriam

Now that the battles are over and won
And every gun has ceased,
We of forty-six go forth
We—the Class of Peace.

With ambition our guide we venture to build
The dreams our hearts contain,
Chanting this prayer with reverent hope,
“Dear Lord, let this peace remain.”

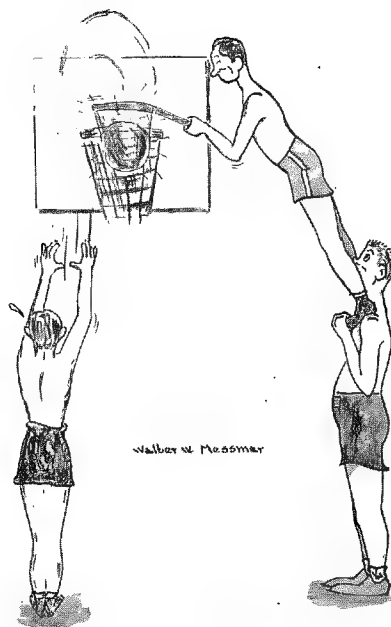

How bright the future! The past grows dim
Outshone by brotherly love.
Ours is the task to suppress all wrong;
It is we who must shelter the Dove.

New worlds hold out a challenge to us,
But we must advance with care;
To fight the forces of tyranny,
Our strongest weapon—prayer.

THE FOOTBALL TEAM

FOOTBALL

After the football season had been completed and the state's sport scribes had cast their ballots, the 1945 Bulkeley high squad was rated one of the first eight teams in Connecticut. And well did they deserve it, for never has the school had such a spirited and cooperative representation on the gridiron. Four wins, two defeats, and one tie was the record compiled by the Maroons. The losses were administered by New Britain and Weaver, generally accepted as the best teams in the state.

Journeying out to West Haven for the opener, the Allenmen were considered slight underdogs against the Blue and White. During the first half neither line would give way, and the score was 0-0. The second half saw a much superior Bulkeley forward wall, and on three consecutive plays the West Havenites were thrown from the thirty-yard line to the three-yard strip. Here, however, the heavens burst with atomic force, and the field was flooded beyond playing condition. Thus a 0-0 tie was entered on the books. Bob Barry, speedy B.H.S. end, was the lone player to show a continually fine performance, though Bernabo, Kinnane, and Zazzaro also shone in spots.

Bristol was the scene of action the following Saturday, where with a complete reversal of form, the Maroon backfield ran, passed, and blocked to a 20-0 victory. Each back contributed to the win, but Zazzaro and Conroy scored seven points and did a remarkably good job at booting. Zazzaro, a converted tackle, played quarterback with all the ability of a veteran. Boornazian, Bernabo and Kinnane defensively were at perfection as the Maroon line remained uncrossed.

Quite heavily favored in the first game of the city series, Bulkeley turned back a fighting Hartford High team 13-0. Hartford put up a surprising battle, but again the Southend line held.

Conroy was awarded a trophy, as he scored all the points and made practically all the tackles done by the backfield. Again outstanding on the line were Bernabo, Boornazian, Kinnane, and DiTunno.

The following Saturday was supposed to give the Allenmen their first big test before meeting the Green of Weaver. The opponent was a highly-touted Manchester team. They were supposed to provide a hot afternoon for "Babe's" undefeated charges. The final score was 32-0, after a decidedly outstanding performance by Messrs. Conroy, Williams, and Barry in the backfield and Bernabo, Makris, and Reardon. Again the feature attraction was the uncrossed line.

On November 11, Municipal Stadium was host to one of the season's largest crowds, which came to see the City Title won and lost. Weaver was rated a slight favorite because of its amassed score as well as its undefeated record. A close game was expected and that is what happened for the first half, which ended in a 7-0 lead for the Northenders. But the fireworks went off in the last half, and the Maroons were made humble with their first setback, 25-0. Conroy and Bob Barry were the sole bright lights, but a Junior, Don Scott, who had replaced Zazzaro in the backfield, also shone.

Bulkeley then played host to the tough Hall team of West Hartford, which had won its share of the games thus far in the season. The Maroon looked as they had in games previous to the Weaver farce, and proceeded to win, whitewashing the elite 13-0. George Blasko had his share of the scoring as he dashed thirty yards for a touchdown. Zazzaro at tackle, Bernabo, and Reardon on the line, plus Simeone, aided in the blocking.

Then came the final game of the year at Willow Brook Park in the Hardware City, where the Gold and Maroon were a big favorite against their visitors from Hartford. The crowd of over 8,000 was third largest in the state to witness the turkey games. Living up to their pre-game notices, the New Britainites showed the most powerful offensive illustrated against a B.H.S. team during the season in winning 28-0. With amazing blocking and a passing attack surpassed by none, the victors ran up a large lead before being held virtually even in the second half by the Allenmen. Once more Conroy, Bernabo, and DiTunno played superb ball. It may be said that the team as a whole played an even better game than when it had won games during the season, but the competition was too great.

To sum up the football season, we all felt that Bulkeley had a team of which we could be justifiably proud.

The record for the year stands:

Bulkeley	0	West Haven	0
Bulkeley	20	Bristol	0
Bulkeley	13	Hartford	0
Bulkeley	32	Manchester	0
Bulkeley	0	Weaver	25

BASKETBALL

The 1945-46 Bulkeley basketball team will undoubtedly go down as one of the most spirited, hustling, game and cooperative squads in Bulkeley history, even though it did not win any championships or walk off with any trophies. Lacking even a single letterman, this team was considered an underdog in all but one of its fifteen games during the playing season; yet it won seven of these, and scored one big upset at New Haven before bowing in an overtime affair. Many of the witnesses at the tournament give this same outfit a better than even chance to win the 1947 Connecticut title.

Opening on their home court against West Haven, the Southenders played the first quarter as had been foretold. West Haven ran up a 10-0 lead before Curtin, Torza, and Molloy made it 10-6, but by a hard, aggressive fight in the final period the Allenmen triumphed 29-21 against the downstaters.

In the first game for the city title, the B.H.S. five were pitted against a fifteen-point favored Weaver team. Throughout the three quarters the small, scrappy, defending champs led in a closely fought contest. Don Scott, who with Curtin had led the attack, was removed on fouls in the final period. Here, in the last three minutes, the Gipsonites pulled out a 36-29 win. Curtin once again led all scorers.

A mediocre Meriden squad then thoroughly whipped Bulkeley by a humiliating 26-14 tally. It later proved to be the only contest in which the Maroon was outclassed from start to finish.

With two straight on the red side of the ledger, the mites from Maple Avenue next traveled to New Britain. Here they put on a belated fourth period rally, only to lose their third consecutive game, 38-35. "Moon" Curtin began to make a name for himself as he poured in fourteen points.

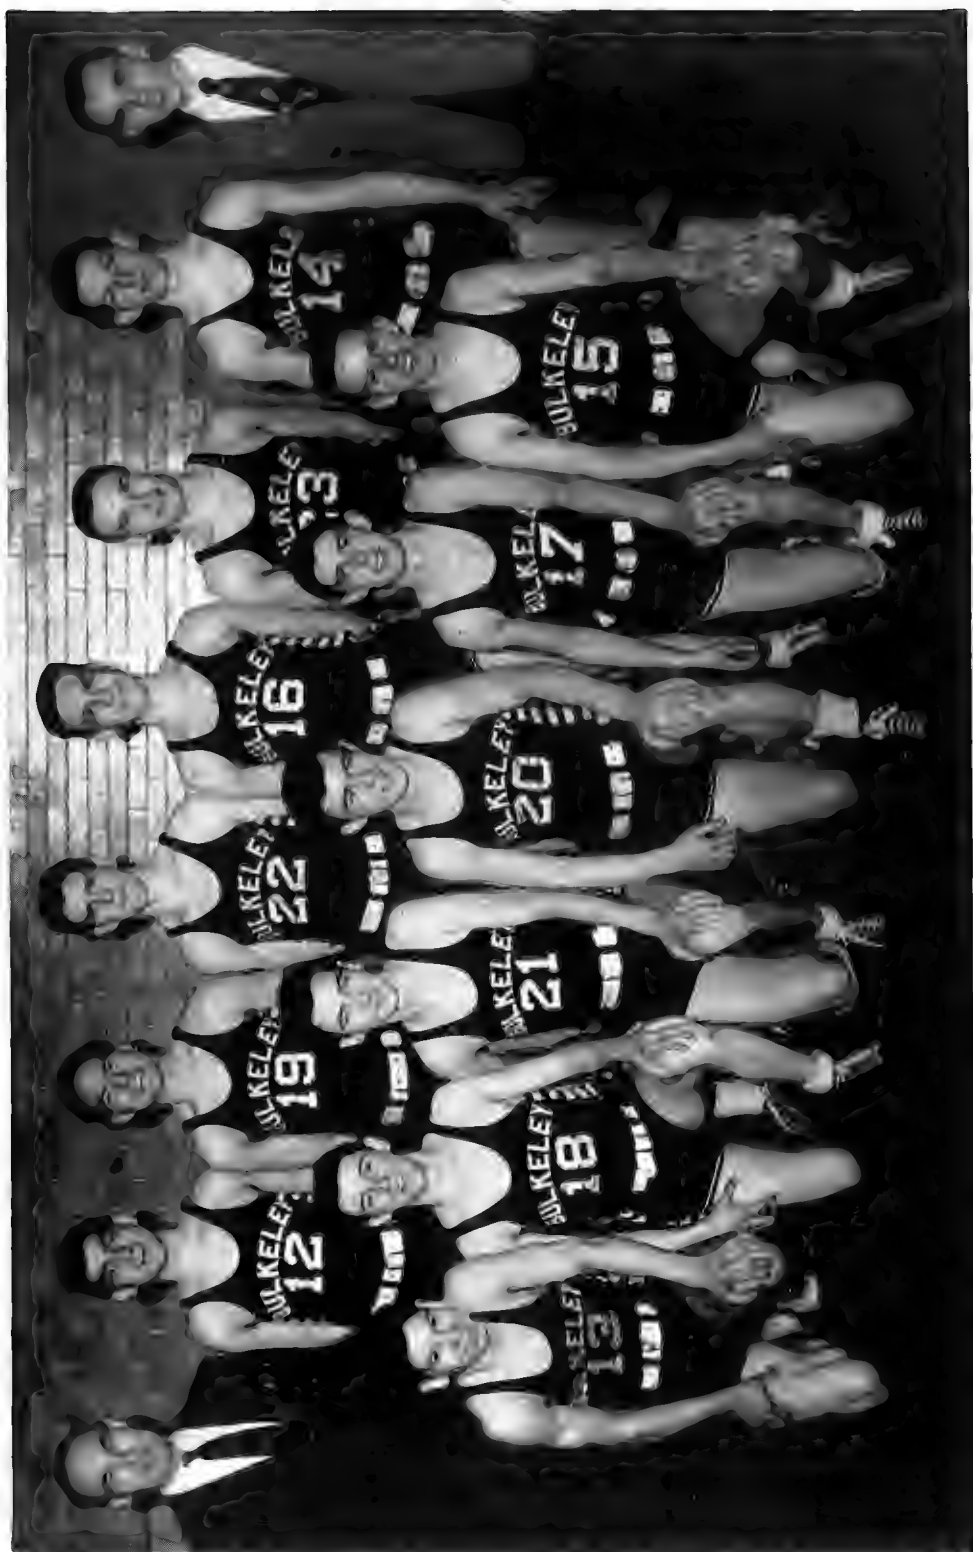

Hall High, winless thus far in the season, gave a bad scare to the haughty Maroon by losing out only in the final minute, 30-29. Curtin, who had made ten points during the first half, left the game on fouls early in the third period, but ended top scorer. Don Scott, Hugo Torzo, and Moe Molloy were stunning in defense in the entire last half.

In the closest affair of the entire season, the B.H.S. varsity edged Meriden, 37-35, in a double overtime on Curtin's hoop. Molloy, acting captain for this game, scored fourteen points as he kept the Southenders in the game. Nessing, brilliant sophomore at Meriden, tallied thirty-one points in the two affairs with this school.

Bulkeley made it two in a row by upsetting a favored Norwich five by a 30-20 score. Unable to score against the excellent Maroon defense, Norwich, with ten wins and one loss, were never able to put on a sustained attack. Joe Arsaniewicz, only a sophomore, gave B.H.S. rooters a fine display of set shooting.

Now the team had caught the victory bug, and it was soon three straight in a bloody 48-46 match with the Owls of Hartford High. Behind 28-18 at halftime, the Allenmen scored as Curtin finally put in the deciding counter. However, Scott put on a fine display with twelve points, as did George Blasko with nine.

In the second meeting of their schools, Hall of West Hartford was only a slight underdog in view of its first game with the Bulkeley courtsters. But woe to the Blue and White, for they absorbed during thirty-two heart-breaking minutes a devastating 56-17 loss. Curtin put in twelve, and Arsaniewicz eleven, but everyone looked good. Mullane, given his first chance, scored two baskets and set up some fine plays with Torza.

THE BASKETBALL TEAM

Weaver became the only team to whip the Maroon twice, as again they put on a belated rally to win the city title, 25-19. Sherwin Wilson, outstanding in the first B.H.S.-W.H.S. game, put in two consecutive tallies with the score tied. The game on the whole was poorly played by both teams.

Revenge proved all too sweet as the Southenders gained the tournament by edging New Britain, 27-25. Last year, it will be recalled, the Hardware City five pinned the lone defeat on an outstanding Bulkeley quintet. Curtin was high with six baskets, while Conroy, again eligible, ruled the backboards.

In the finale of the season, a highly improved West Haven team, under the coaching of "Whitey" Piurek, former Bulkeley student, held the Maroon to a mere four field goals in winning, 37-27. Each team scored nineteen points on charity shots.

At the New Haven tournament, sixteenth-ranked Bulkeley was pitted against a huge Ansonia quintet boasting a 12-6 record, with New England champions Hillhouse included as victims. "Moon" Curtin, Hugo Torza, and Moe Molloy put on a fancy passing display as the underdogs triumphed. Curtin tossed in fifteen points, thus becoming the outstanding player of the evening.

In their last appearance of the season the Maroon had a real taste of tough luck in dropping a 32-29 overtime game to Warren Harding. Losing by two baskets, with four minutes to go, "Moon" Curtin dropped two in to tie the score. Then Torza took a foul which went in and out. If it had dropped in, who knows what might have happened?

With a lineup of Curtin, Torza, Scott, Molloy, Arsaniewicz, Blasko, Marienello, and Angelestro, "Babe" should make the B.H.S. team again tops in state basketball circles next season.

THE BASEBALL TEAM

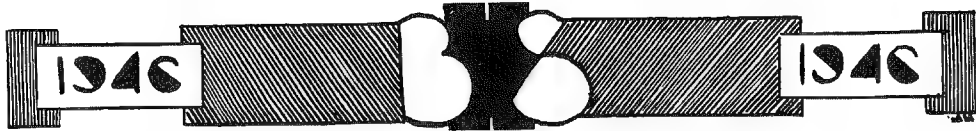

BASEBALL

In May of 1946, "Babe" Allen started a baseball team which had the potentialities of being one of the finest in the school's twenty-year history. It had to be a top-notch combination, for in its hands rested the job of retaining the city baseball championship, the only title still held by the South End School.

Throughout the early season's practice, the group displayed a spirit which added to their talent would surely make them tough foes to conquer. It was a surprising line-up which started in the year's opener at East Hartford. Only two Seniors were on the first squad, Earl Ludlam, veteran hurler, and Bernie Scallion, playing his first time in the regular line-up. Bob Barry and Al Smith were listed as second-stringers.

The first inning of the first game produced exactly seven runs for the Maroon. The attack was highlighted by Bill Dunphy's base clearing triple. From here the Allenmen rolled to an easy 12-3 triumph, as pitcher George D'Amato hurled six brilliant innings—Ludlam finishing the game.

The Bulkeleyites started their defense against Weaver the following week, but after Ludlam had fanned two of the first four batters to face him, the heavens opened with tremendous rains to cancel the affair. With Don Scott making an excellent stop and throw to retire the fourth batter, it had looked like a B.H.S. win.

TRACK

With a team made up, like all the others during the year, of a majority of Juniors and Sophomores, the B.H.S. track team appeared to be much stronger than any since 1943. With such stars as Sarkis Boornazian, Gene Conroy, Dave Kidney, and Sy Schwartz, the Dalymen were nevertheless rated a heavy underdog in every meet.

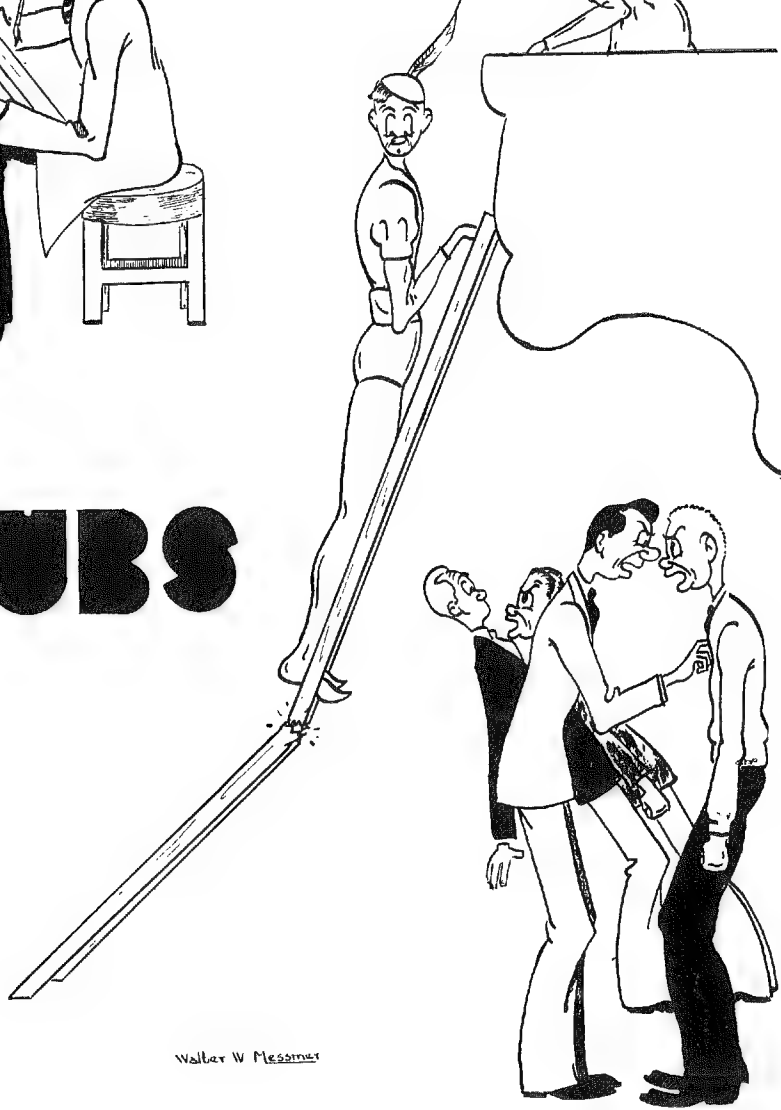

Surprising even their most optimistic followers, the team gave East Hartford a mighty battle before losing out in the final events. With Boornazian scoring ten points in the discus and shot, and Conroy, Schwartz, Kidney, and Bielonko all taking firsts or seconds, the squad lost a close 54-48 decision.

In the very next outing the results were very similar. This time a Wethersfield High unit outlasted the Maroon 58-44. Conroy, Kidney, Bielonko, and Boornazian all took first places, but to no avail.

Thus, after being cheated out of two victories, the team opened Torrington's season by scoring a stunning 64-40 upset. Boornazian copped the discus with an eye-opening 119 foot toss. Conroy dashed the 100-yard in 10.8. Schwartz did the season's best half in 2.14, and Kidney and Fitzgibbons each tallied firsts. With three meets remaining, anything could happen—and probably has.
